Family Portraiture with a difference

My mission is to inspire you with an image of who you are. We will work on your work of art together or you can leave it all to me. You can choose a traditional portrait, or go all out for something a little different! I can help you choose the right collection for your needs so you have nothing to worry about.

All of these sessions include a personalised background, see description below or ring for a free consultation.

1. **Quintessence** – unlimited imagination
– unlimited time elements!

2. **Essence** - up to 5 elements, choice of backgrounds from our stock. Approximately 1 hour studio time. See description below.

3. **Imagine** – Mini studio portrait with a choice of backgrounds. See description below
